SPORTS SUSPENSION AND BRAKES

This sports suspension provides an edgier look and improves the car's road position with adjustable height. It is geared towards drivers seeking a highly responsive driving experience with more stability and improved handling. In combination with the sports brakes the driver benefits from the improved thermal durability thanks to larger, internally ventilated brake disks and aluminium fixed calliper on the front axle. Drivers will also experience a better pedal feel during brake application.

	MINI 3 DOOR (COOPER / COOPER S)	MINI 5 DOOR (COOPER / COOPER S)
PART NO.	Sports Suspension & Brakes Contains multiple parts. Kindly refer to authorised MINI Dealers for further details	Only brakes are available 34112352872
RETAIL PRICE	RM17,088.00	RM9,288.00
EST. INSTALLATION TIME (CHARGES APPLY)	Approximately 10 hours	Approximately 3.5 hours

18" WHEEL SET

With filigree spokes the JCW rims appear not only sportier but is approximately 1 kg lighter in weight than a conventional cast wheel. This enhances the steering behaviour and driving dynamics. Coated with high-quality clear-coat-varnish, it gives the entire wheel a high-gloss finish look. Additionally the tyres feature run-flat properties, so even in case of a loss pressure they can still be driven for up to another 80 km at 80 km/hour.

	MINI 3 DOOR (COOPER / COOPER S)	MINI 5 DOOR (COOPER / COOPER S)

TUNING KIT WITH SILENCER SYSTEM

The JCW tuning kit is perfectly coordinated with the car and improves the engine's performance to 155 kW (208 bhp). While the JCW valve silencer system, coupled with performance-optimised engine data, offers maximum emotionality, volume and sound for more intensive driving experience. There are 2 modes to choose from: Track mode or Sports mode. It comes with the option of either the chrome or the carbon tailpipe finishers. The fuel consumption and emission levels are maintained even with the higher performance.
